

## How to Play

1. Online entries require name and Email address. There are optional lines for your Pick 1 Team and Pick the Loser entries for each week if applicable.
2. Regular Season (weeks 1 thru 18): Pick your winners for all of the NFL games that week. Number your picks from 1-16 if 16 games are played that week (Weeks 1-5 and 15-18). Number them from 1-15 if only 15 games are played that week (Weeks 8, 11, and 12). Number them from 1-14 if only 14 games are played that week (Weeks 6, 9-10 and 13-14). Number them from 1-13 if only 13 games are played that week (Week 7). You must use each number in the sequence only once and place that number on the line next to your winner. For online entries, simply mouse click on your winners and use the drag down menu to number the games. You will be given points for correctly choosing the winner of a game. No points are given for tie games. On weeks with 13 games (Week 7) there are 91 points possible, weeks with 14 games (Weeks 6, 9-10, and 13-14) have 105 points possible, weeks with 15 games (Weeks 8, 11 and 12) have 120 points possible, and weeks with 16 games (Weeks 1-3 and 13-17) have 136 points possible.
3. Playoffs (thru Superbowl LVI):  
Once the playoff match-ups are determined (after week 18) pick your winners for all the NFL playoff games using the bracketed sheet provided. Number your picks from 4-16 (13 games). You will be given 6 bonus points for the playoffs (1 thru 3) also making them worth 136 points. Detailed playoff information explaining how the brackets are determined and about possible realignment after the wild card round (if you pick the wild card team with the second or third best record to advance) is provided. Updated playoff sheets (with team names) will be available at the end of the regular season, however completing the sheet provided is all that is required.
4. The entries with the three highest point totals for each week will win First, Second, and Third Place respectively. \$15.00 per week (\$285.00 total) will be held from each pot for the three players meeting the Most Total Points at the end of the season requirements.
5. Regular season tie breaker (weeks 1 thru 17) is Total Points scored by both teams in the Monday Night Game or last game each week. Regular season tie breaker week 18 is Total Points scored by both teams in Sunday's Game 16. First tie breaker for the playoffs is Total Points scored by both teams in the Superbowl. Second tie breaker for the playoffs is Total Net Yards both teams combined in the Superbowl. Closest to the actual total will determine First, Second, or Third place. Don't forget to make a guess at the tie breaker. A no guess means you predicted the total score of the game or total net yards to be zero.
6. When submitting your weekly picks online, the software provides help to ensure that your picks are filled out correctly. **Entries must be turned in online using the pick entry software provided on the webpage**. Previously, if you turned in a sheet (via fax, Email, or voice mail) that was filled out incorrectly and the mistake was not corrected prior to the start of the first game, the following system was used to determine your score for the week:
  - a) Use a number twice and you will automatically lose the higher of either the number that was used twice or the missing number.
  - b) Miss a number and you will automatically lose that number.
  - c) Pick both teams in any one game and you will automatically lose both point values.
  - d) Multiple errors are grounds for disqualification and your \$5.00 will be refunded.

This format ensured that an entry filled out incorrectly could not achieve a perfect score even if all the games are picked correctly. However, the entry remained in the running that week and accumulated points for Most Total Points at the end of the season.

## NFL Playoff Information

### Selection of Clubs

1. Four Division Champions from each conference:

Seed

- (1) Best Record in the Conference (1st round Bye)
- (2) 2nd Best Record of Division Winners (Plays 7 seed Wild Card Team)
- (3) 3rd Best Record of Division Winners (Plays 6 seed Wild Card Team)
- (4) 4th Best Record of Division Winners (Plays 5 seed Wild Card Team)

2. Three "Wild Card" clubs (Division non-Champions with the three best records) from each conference. All wild cards may come from the same division. Clubs eliminated in divisional champion tie breakers are eligible if their records qualify them.

Seed

- (5) Best Record of Wild Card Teams (Plays 4 seed Division Winner)
- (6) 2nd Best Record of Wild Card Teams (Plays 3 seed Division Winner)
- (7) 3rd Best Record of Wild Card Teams (Plays 2 seed Division Winner)

### Pairings and Priority

1. Wild Card Games: Three Wild Card teams (Division non-Champions with three best records) from each conference and the Division Champions with the second, third, and fourth best record in each conference will enter the first round of the playoffs. The Division Champion (2) with the second best record in each conference will play host to the Wild Card team (7) with the third best record. The Division Champion (3) with the third best record in each conference will play host to the Wild Card team (6) with the second best record. The Wild Card team (5) with the best record will play host to the Division winner (4) with the record. There are no restrictions on intra-division games.
2. Divisional playoffs: In each conference, the Division Champions (1) with the first best records during the regular season will play host to a Wild Card game winner. The Division Champion (1) with the best record in each conference is assured of playing the surviving Wild Card game winner with the poorest record. Thus re-alignment of the brackets is possible for the Divisional playoffs if the Wild Card team (6) with the second best record beats the Division Champion (3) with the third best record or Wild Card team (7) with the third best record beats the Division Champion (2) with the second best record in the Wild Card games of either conference. If the third Wild Card team (7) beats the second Division Champion (2) they must play the Divisional Champion with the best record in that conference in the Divisional playoffs. There are no restrictions on intra-division games.
3. Championship games: The home teams will be the surviving playoff winners with the best records during the regular season. A Wild Card team cannot play host unless two Wild Card teams are in the game, in which case the Wild Card team that was seeded highest in the first round of the playoffs will be the home team.

# NFL Playoffs 2021/22

Name: \_\_\_\_\_

January 15, 16 or 17 NFC Wild Card Games	January 22 and 23 NFC Divisional Playoffs	January 30 NFC Conference Championship	February 13 Superbowl LVI	January 30 AFC Conference Championship	January 22 and 23 AFC Divisional Playoffs	January 15, 16 or 17 AFC Wild Card Games
