

## Pick the Loser 2020

1. Pick one team to lose each week of the regular season. You cannot pick any one of the 32 NFL teams more than twice during the season. If your team loses you receive the points corresponding to your team's name and win for that week. If your team wins or ties you receive minus the points and one loss for that week but you continue playing. If you do not submit a pick for any given week or pick the same team more than twice, you will receive minus 32 pts and a loss for that week but you continue playing. The entire pot will be split 65/25/10 for 1st, 2nd, and 3rd place at the end of the regular season. The winner is most points at the end of the season. The tie breakers are 1) most correct losers picked and 2) most consecutive correct losers picked by the end of the season. This game does not include playoffs. A sheet is provided to keep track of your picks throughout the entire season.

2. The points will be determined by the following list:

1	Washington Redskins	17	Houston Texans
2	Jacksonville Jaguars	18	Indianapolis Colts
3	Cincinnati Bengals	19	Pittsburgh Steelers
4	Carolina Panthers	20	Tampa Bay Buccaneers
5	New York Giants	21	Buffalo Bills
6	Miami Dolphins	22	Minnesota Vikings
7	Detroit Lions	23	Philadelphia Eagles
8	New York Jets	24	Dallas Cowboys
9	Arizona Cardinals	25	Tennessee Titans
10	Las Vegas Raiders	26	Green Bay Packers
11	Cleveland Browns	27	New England Patriots
12	Chicago Bears	28	Seattle Seahawks
13	Los Angeles Chargers	29	San Francisco 49ers
14	Denver Broncos	30	New Orleans Saints
15	Atlanta Falcons	31	Baltimore Ravens
16	Los Angeles Rams	32	Kansas City Chiefs

For example, pick Houston to lose in Week 1 and you would receive 17 pts and a win if they come through. You would receive -17 pts and a loss for a Kansas City win or tie. You receive -32 pts and a loss if no pick was submitted or you picked the same team more than twice on that week

3. \$10.00 per entry covers the entire regular season. You should enter this game the 1st week of the regular season for the best chance of winning. Players are limited to a maximum of two entries. To be eligible for this game, you must turn in your money prior to the start of the round and your pick for each week 30 minutes prior to the start of the first game each week. The deadline on weeks with Thursday, Friday, or Saturday games (Weeks 1 thru 16) is also 30 minutes prior to the start of the first game. The only exception being if you elect not to use one of the optional Thursday night or Friday afternoon games (Weeks 1-11 and 13-16) your picks are due 30 minutes prior to the start of the first weekend game to be eligible. **There is no option to skip the 3 Thanksgiving Day games on Week 12 or the Saturday games on weeks 15 and 16 this season. Saturday games and times are still TBD.** All picks are due 30 minutes prior to the start of the first Thursday game on week 12 and Saturday games on weeks 15 and 16. If also submitting regular weekly picks online, there is an extra line for your Pick the Loser (Loser) entries. Pick the Loser entries are preferred online but can also be accepted by Email or voice mail.

4. Final results and payouts (if applicable) for each week will be available on the following Tuesday. Players can view picks and updates on the website during the weekend games. Updates to the files will be available 1-2 hours after completion of the morning games, afternoon games, Sunday night game, and Monday night game.
